### News Release

### Ed Goscicki Named to Board of Directors

**February 26, 2014, Monroe, NC** – Union County Executive Director of Public Works Ed Goscicki has been elected to the Board of Directors for the North Carolina Water Quality Association (NCWQA).

The NCWQA, Inc. is a statewide association of publicly owned treatment works. Its primary purpose is to ensure that North Carolina's water quality programs are based on sound science and regulatory policy so that its members can protect public health and the environment in the most cost-effective manner possible. NCWQA is actively involved in every water quality issue in North Carolina of significance to the membership.
