Commissioners Ask Weddington to Consider Water Tank Sites

May 7, 2013, Monroe, NC – The Union County Board of Commissioners has asked the Town of Weddington Council to provide feedback by May 20 on whether sites on Hemby Road and Weddington-Matthews Road are acceptable locations for a water tank. The board authorized the county to cease consideration of a site located on Highway 84.

“From an engineering perspective, all the sites operate the same,” said Public Works Director Ed Goscicki.

Public Works held a public information meeting on April 23 to provide information about the each site and receive comments from the community. A poll of those in attendance resulted in the Hemby Road site receiving a higher number of favorable votes.
