### **Department Mission**

The mission of the Union County Emergency Communications Center is to provide county-wide public safety communications designed to protect life and property by means of the highest professional standards, as well as being prepared to respond to critical incidents.

### **Department Services Provided**

The Union County Emergency Communications Center is the primary 9-1-1 Public Safety Answering Point (PSAP) for Union County. The 911 Center receives all requests for assistance in emergency and non-emergency situations and notifies or dispatches the proper agency/agencies. This department also manages the County's mass-emergency notification system, the 800MHz public safety radio system and manages the UCPS 400MHz school bus radio program.

### **Department FY 2020 Discussion**

Emergency Communications' goals for FY 2020 include:

- Answering 90 percent of 911 calls within 10 seconds or less.
- Answering 90 percent of non-emergency calls in 30 seconds or less.
- Dispatching 90 percent of all priority calls within 90 seconds or less
- Increasing capacity of 800 MHz radio system by increasing system from a 10 to a 12 channel trunked system.
- Replacing an aging four site VHF paging system and expand to six sites to increase coverage area.
- Completing renovations to Communications Center to increase room awareness and facilitate a team environment.

In FY 2019, the community approved funding for a new emergency services center that will house Emergency Communications, Emergency Management and the Fire Marshal's Office. This project is in the County's Capital Improvement Plan (CIP) and is currently in the land acquisition/design phase.

### **Department Analysis**

The Manager's FY 2020 proposed budget includes several strategic investments to support the public safety mission of the Emergency Communications department. These include increased funding for radio repairs for the County's Radio Shop for

\$10,000 and expected electricity expense for a new radio towers on Reid Dairy Road, Sims Road and Hwy 218 for a total of \$24,963. Also included is the \$369,832 debt service related to the new emergency service center.

Reduction in the FY 2020 proposed budget amount is due to completion of debt payments from general fund.
